## — Light vehicle —

**QUETTA:** Balochistan Governor Owais Ahmed Ghani inspected a light vehicle manufactured by a company of Karachi in collaboration with China. This vehicle can run both on petrol and CNG. Nazim City District Government Maqbool Ahmed Lehri was also present on the occasion. Governor was told that this vehicle has been prepared as an alternative to rickshaw which consumes less fuel. Its use would also help overcome atmospheric pollution. Governor appreciated the effort and directed Nazim City to review running this vehicle in the metropolis as alternative to rickshaw and proper planning should be made.
